## FRACTIONS AND PIZZA

### GAME DESCRIPTION

First, scut the cards out, shuffle them and give each player the same number of cards. It is fine for some players to have one card more than other players if it is not possible to share them out equally between the group. Each player places their cards, picture side facing down, in a pile in front of them.

The youngest player (or the player who has most recently eaten pizza) goes first and then play moves to the left (clockwise). On their turn, each player turns over the top card from their pile and places it on the pile, facing up, in the middle.

When someone turns over a card that matches the card on the top of the pile, players race to be the first to say, “Snap!” Cards match if a pizza image card represents the same fraction as a fraction notation card. The player who calls “Snap!” first, wins the middle pile and adds the cards to the bottom of their own pile in front of them, picture side down.

If a player runs out of cards, they can continue to play by watching for a snap to get some back. The game ends when one player has won all of the cards.
